Technology solutions expert Lectra to collaborate with global performance brand to push boundaries of innovation

Lectra, the world leader in integrated technology solutions dedicated to industries using fabrics, leather, technical textiles and composite materials, is pleased to announce that US-based global performance brand Under Armour has chosen Lectra as an official partner for its manufacturing and design center, the UA Lighthouse, which opened on June 28 in Baltimore, Maryland. The new facility will showcase the latest technology and serve as a

Lectra is the world leader in integrated technology solutions (software, automated cutting equipment, and associated services) specifically designed for industries using fabrics, leather, technical textiles, and composite materials to manufacture their products. It serves major world markets: fashion and apparel, automotive, and furniture as well as a broad array of other industries. Lectra's solutions, specific to each market, enable customers to automate and optimize product design, development, and manufacturing. With more than 1,500 employees, Lectra has developed privileged relationships with prestigious customers in more than 100 countries, contributing to their operational
